Police
No. 31

To

The Secretary to the Commissioner
for the Government of the Territories
of the Rajah of Mysore
Bangalore

Sir,

I have been prevented until now, from again addressing you on the subject of the Police of the City of Mysore, referred to in my letter of the 20th December 1884, by the undecided position of the Division Head Quarters, a consideration, which, involves as it does the locality of the Mounsiff's Court and the presence of the Superintendents during the months occupied by the Circuit, materially, though perhaps indirectly affects the character of the arrangements that would hold out the promise of vigour and efficiency in the Police of the Town, which cannot but derive both support and control, from the presence of two Superior Courts of Justice.

I

The subject of the Police having thus in a manner connected with the Judicial Establishments, and these two branches having been further embraced in the replies to the remarks of the Honorable Court of Directors forwarded with your Circular No. 61 of the 7th July last, I trust I may be excused for again blending in one Report, the following suggestions, for the modification of the distribution and numbers of the present Judicial and Police Establishments. The Commissioner may thus ~~observe with both of the more~~ diate objects, and ~~of the financial~~ results of the proposition, now intended on him

3. The Administration of Justice, and especially of Civil Justice within the Town of Mysore, is indeed sufficiently paramount, as materially to bear upon the position of the Superintendents and the two Moonsiffs' Courts, all of which will therefore come under consideration, as well as the Police Establishments of the Town

Jh

4.

It will have been observed by the General Abstract annexed to my Report No of the 9th Ultimo, that the numbers of cas Civil and Criminal, entered the above 3 Courts up to the June last, were as per marg

5.

The business of the Superintend Court, has, in the interval between the 80 June and the 12th Instant, been augment as follows.

When it is remembered that the Moonsiffs Court at Mysore is so fully employe that scarcely any advantage can be taken of the provision, for referring cases to tha tribunal, and that Copies of all Criminal proceedings despatched to the Huzoor ar kept for record, it will perhaps be admitte that the duties of the Superintendents Cour are heavy, and require some addition to the present limited Establishment.

The

The preparation of the Judicial Returns, with the correction of those received from the large number of Talooks, occupy one or two Goomashtas; so that, it will not, I trust, considered exorbitant to solicit the sanction of the Commissioner, that the Establishment be completed up to five Goomashtas and one Record-keeper, on a Salary of 15 Rupees per mensem.

7. The Serishtadar Sooba Row, whose name I have before taken the liberty of [illegible] to the favourable notice of the Commissioner, is a man of superior talents in the Judicial department, and in proposing for him an increase of pay, which will make his Salary only equivalent to what he formerly received as Serishtadar of the Zillah Court at Seringapatam, with jurisdiction confined only to that Island, I am persuaded, it would be most difficult to procure the same species or proportion of ability, for a much higher Sum.

8. A Brahmin and Moolah for administering oaths, while separated from the

the Moonsiffs Court on Circuit, are also much wanted, as well as 2 Summonders to make up for those, which have been allotted to Mr. Montgomery.

9. The increased expence to meet the objects, will be found in the annexed Statement No. 1, and amounts to Rupee 110-8-.

Moonsiffs Court

10. But the most striking part of the marginal Abstract, is, the immense file, both on the Criminal and Civil sides in the Astagram Moonsiffs Ct and the great disproportion between and that of the other Moonsiffs at Munjerabad. The number of Criminal Cases in the one, (notwithstanding the large Arrears left by the late Foujdar of Munjerabad) amounts to no more than 1/3rd of the other; and the number of Civil Suits at Baiboor, to no more than about 1/9th of those filed in Astagram. This disparity was pointed out in the 16th paragraph of the Report, which accompanied my letter of the 9th August last, in which it was stated, that the expences of

the

the Munjerabad Court, had exceeded the Amount awarded in all the Suits hitherto decided in it.

11. There are therefore two desiderata in regard to these two Courts. The first, to relieve the Astagrain Moonsiff from the overwhelming influx of Cases, from the large Towns of Mysore and Seringapatam, and the second, to extend the sphere of the Munjerabad Court, so as to make it more adequate to the charge, entailed by it on

NB Any number of th Taluks might be t transferred, if it should be found hereafter advisable to do so.

The removal of the Moonsiff to Seringapatam, and the annexation to his present range of the Talooks, East and North of that place, as detailed in the margin, would do much towards removing the disproportion between the business of the two Courts, though it is perhaps (considering the preponderance of the Cutcherry of Mysore) impossible, by any arrangement entirely to effect this end.

12. The number of Civil Suitors, who have hitherto come into the Munjerabad Court,

is

is so small, that the trifling inconvenience which they would experience by an additio of three or four days. to their journey; woul not be incompatible with the great public advantage, gained by this arrangement The Jail is already in Seringapatam, to which place the Prisoners are necessarily brought after trial; and when the many Criminal Cases disposed of by the Superintendent during his Annual Circuit are taken into Account, the trouble and expence from the increased distance to which Prosecutors and evidences would hav proceed, would be comparatively trifling

14. Even after this alteration, and th provisions which will be submitted in the sequel for the Judicature of the Town of Mys both the Courts will, under the existing abolition of fees, still however have ample employment; and both will, I think, requi some addition to the Establishment now assigned to them.

15. This increase is comprised in the Statements Nos 2 and 3, and consists of a

Head

including the Superintendence of Pagoda-
the furnishing of Supplies &c., and a Civil
Jurisdiction, extended from the lowest Sum
to Original Suits to the value of 25[illegible] Rupees,
either for personal or household, but not
real property: such Civil Jurisdiction
being exercised under the same provisions,
with regard to Punchayets, as those which
may be enforced, for the time being, for the
Zillah or Talook Courts.

20. There would still, under the above
[illegible]tion as to the original Institution
of the Civil business in
the Sur Adaulut and Zillah
Courts, be a large pro-
portion of Cases beyond
the cognizance of the Sur Adaulut, and from
their number, independent of their Amount,
it would be beyond his power to decide.

[illegible]ly 1834 1836	Instituted	Decided	Depending
Zillah Court	717	306	411
Sur Amin's do	778	505	273
Total	1495	811	684

21. It was suggested in the 11th Para: of my letter of the 26th December 1834, that the services of the Sur Cauzy might be made available to a greater degree than at present, in the Civil department, and

Sun Moonsiff

features of a distinctive character, from the Cutcherry of any ordinary Talooky.

18. The Talook of Mysore is, exclusive of the Town, very large, and furnished, whe added to his Revenue duties, Police and Judicial occupations, beyond the walls City, quite ample for the time and faculti of the Amildar, whom it will be most desirab to relieve from duties, which have indeed chie devolved upon him, since the assumption of the Country.

Sur- 19. Under the Rajah's manage the office of Sur-Ameen, engrossed the whole of the Police and Judicial Authority of the Town, and the remainde was vested rather in the Darr, the Hy Adawlut, and other Mysoor Cutcherri than in the Amildar. The powers of the Sur-Ameen now extend, under the control of the Sur-Cauzy, to all those duties defin by the Honorable Court, as essentially Polic and further to Civil Suits under 100 Rupee Those which I would propose to continue to this Officer, are, the charge of the Police

including

I am still at a loss to recommend any arrangement, which would be less expensive and more convenient, in other respects.

22. If the Sur-Cauzy were designated a "Town Moonsiff," as contemplated in Section XXV of the Rules for the Courts of Justice, he would, at once, be placed in the situation, required. He might retain a controlling power over the Sur-Ameen in the Police, without interfering in its executive details. Original Suits from 50 to 1000 Rupees might be decided by him - under the Rules; and he might be permitted sentence in Criminal Cases, from the smallest punishments to six Months imprisonment with hard labor, or to fine to the extent of 15 Rupees. In graver offences, the Town Moonsiff might further assemble Punchayets; and with their concurrence, commit and forward for trial prisoners, in the same manner as prescribed to Amildars, in Section XVIII of the Rules for Criminal Justice.

23. Appeals in Civil Suits, both from

from the Sun Moonsiff and the Sur-Ameen, should lie to the Principal Sudder Moonsiff &c. To render the present Establishments of the Sur Cauzy and Sur-Ameen adequate to these objects, some addition to both will be required. The Strength and Salaries of the Sur Ameen's Chouky were formerly much greater than at present, as will be seen by the margin, which exhibits the successive reductions made by Dajoupajee, immediately previous to the Administration of the Country by the Dewan Gabee Row, since the appointment of the Commission.

Establishment	Officers	Salaries
Upto 1829/30	138	883 12 "
By Dajoupajee	108	592 13 1
" Dewan Gabee Row	107	407 " "

25. The Sur Ameen's Salary, which has been now reduced to 45, was formerly 116 Rupees Hagry; and many of the inferior Servants receive so small a modicum, as to be absolutely under the pressure of want. It is now proposed to increase the pay of the Sur Ameen to Rupees 60 per mensem, and to add enough to the pay of the other Servants, as may place them beyond actual distress, which will still leave the total expence of the Establishment, at about the same

rate

rate as it was found at the assumption of
Country, as Shewn by Statement No. 4.

26. The Sur Cauzy, under the den
=mination of the Sown, or Second Sudde
Moonsiff, would require a small increa
of Salary, and a trifling Establishment,
enable him to conduct his Civil and cr
duties; and the Sum proposed, will be
found in Statement No. 5.

27. The whole additional expence
for the Superintendents, the Moonsiffs, a
the Sur Ameen's Courts, will on the
scale amount to Rupees 811-4

28. It is most unwillingly tha
I venture to intrude this proposition;
but I may be permitted to remark in
exculpation that the aggregate expence
even on the proposed scale of the
Superintendents, the two Principal Sudd
Moonsiffs; the Sown Moonsiffs; and the
Sur-Ameen's Courts will still fall considera
short of that incurred by the Madras
Government, for the Court of the late
small Zillah of Seringapatam.

9. I shall not at this time again revert to the general question of the re-institution of Judicial fees, but it may not be foreign to the financial considerations which the present state of Mysore renders so important, to submit for the information of the Commissioner, an Estimate of the value of the property sued for, during the two last years in the Superintendent's Court, and that of the Principal Sudder Moonsiff of Astagram; and of the amount of Fees which would have been leviable thereon.

Court of	Amount of Suits			Amount of Fees		
Superintendent	942826	14	1	19931	13	"
Moonsiff	720725	3	8	32423	9	8
Total	1663552	1	9	52355	6	8

This Estimate, on the supposition that litigation has not received an false and detrimental impetus from the abolition of fees, would make the amount which the Government has lost by such abolition, much more than equal to all the Judicial charges in the Division,

during

during the same period.

30 I do not, for financial reasons, suggest any addition under the head of Police from to the Town Establishment as anticipated in my letter, para of the 9th August last, because such measure, if hereafter necessary, may be effected by a general revision of the distribution of the Bandachar from in the Division.

31 The guards of the Barr over each [illegible] and those over the Gun Limens Police Choultry, should, on no account be withdrawn. There are occasions, such as the Mahorum festival, when large parties of these troops are required to be placed on duty, for the prevention of disturbances, and, I am assured by those best acquainted with Mysore that, three or four times the same number of armed from, would not be equally efficient in preserving the

peace

peace, or restraining the indications of turbulence, sometimes manifested

32. Recollecting the mixed nature of the populations and the large extent over which the Police may, at present, be considered on the whole much improved: a conclusion, which will perhaps not be pronounced as unfounded, from the ensuing statement of Offences within the last three and half years, before which no accurate accounts can be obtained

	Murders		Stabbing		Burglary		Highway Robbery		Rape		Forgery		Total Offences			Per Cent. of Detections
	Total	Detected	Total	Detected	Total	Detected	Total	Detected	Total	Detected	Total	Detected	Total	Detected	Not Detected	
1833	5	5	"	"	4	"	"	"	51	16	80	45	140	66	74	47
1834	8	5	1	1	7	3	"	"	45	22	115	82	176	113	63	64
1835	1	1	1	1	"	"	"	"	34	28	110	101	146	131	15	89
1836	"	"	1	1	1	"	1	"	21	9	47	45	71	56	15	78

33. The gradual increase of the detections has been great, and although the proportion in the last Months of 1836, has not been quite so great as in 1835, the number of Offences has been fewer than in that year. Of the Murders in 1834, five were perpetrated previous to the arrival of the Superintendent in

the

the Division, and the offences of Burglary and Robbery have also considerably decreased. Petty thefts, which were punished by flogging, can scarcely be expected to diminish, under the present inter of that sort of punishment.

3/4 The advantages which may be anticipated from the proposed arrangements, should they meet with the approval of the Commissioner, are the following:

1st Greater efficiency to the management of Police, by the better payment of its Agents.

2dly The relief of the Amildar, from that portion of his Civil Judicature now exercised within the town of Mysore, and the substitution of a wider and more convenient jurisdiction in the Town Moonsiffs Court, and extended powers of the Sur Ameen and

3dly A greater degree of efficiency in the Superintendents and the Town Moonsiffs Courts.

No.

35. No new provisions have been suggested for the Police and Civil Judicature, for the towns of Seringapatam and Ganjam; because, the Revenue of the Amildar are so confined, that he is in fact a Town Moonsiff, under another name.

Sir,

I have been prevented until now from again addressing you on the subject of the Police of the City of Mysore, referred to in my letter of the 26th December 1834, inst. to Head Quarter, a consideration which involving as it does the locality of the Moonsiffs Court, and the presence of the Superintendents during the month in occupied by the Circuit, materially, tho perhaps indirectly affects the Character of the Arrangement that would hold out the promise of vigor and efficiency in the Police of the Town which cannot but derive both support and control from the presence of two Superior Courts of Justice.

Directors forwarded with your Circular No
of the 7th July last, I trust I may be excused

distribution and numbers of the present
Judicial and Police Establishments: The
Commissioner may thus have a clearer view,
both of the
financial results of the propositions now in=

when it is remembered that the Moonsiffs
Court at Mysore is so fully employed,
that scarcely any advantage can be
taken of the provision for referring cases
to that tribunal, and that Copies of all
Criminal proceedings despatched to the
Hoozoor, are kept for record, it will
perhaps be admitted that the duties of
the Superintendents Court are heavy
and require some addition to the presc
limited Establishment.

The

10 But the most striking part of the marginal Abstract is, the immense file both in the Criminal and Civil Sta

the great disproportion between it, and that of the other Moonsiffs at Munjerabad. The number of Criminal Cases in the one, (notwithstanding the large arrears left by the late Fouzdar of Munjerabad) amounts to no more than 1/3rd of the other; and the number of Civil Suits at Baloor to no more than about 1/9th of those filed in Astagram This disparity was pointed out in the 19th para of the Report which accompa

any

my Letter of the 9th August last, in which it was stated, that the Expences of the Munjerabad Court, had Exceeded the Amount awarded on all the Suits hitherto decided in it.

11. There are therefor two desiderata with regard to these two Courts. The first, to relieve the Astagram Moonsiff from the overwhelming influx of Cases, from the large towns of Mysore and Serringapatam; and the second, to extend the sphere of the Mayeriabad Court, so as to

tailed by it on the Government.

12. The removal of the Moonsiff to Serringapatam, and the annexation to his present Jurisdiction of the Talooks East and North of that place, as detailed in the Margin, would do much towards removing the disposition between the business of the two Courts. Though it is perhaps (considering the preponderance of the Custom of Mysore) impossible by any Arrangement, entirely to effect this Desideratum,

venience which they would experience by
an adoption of three or four days to the
journey, would not be compatible with
the great public advantage, gained by
this arrangement. The Jail is already a
Seringapatam, to which place the prisoner
are necessarily brought after trial. Taken
the many Criminal Cases disposed of by
the Superintendent during his annual

[illegible] distance
to which prosecutors and Evidences would

trifling.

14. Even after this alteration, and
the provisions which will be submitted in
the Sequal for the Judicature of the
Town of Mysore both the Courts will, under
the existing abolition of fees, still however
have ample employment, and both will
I think, require some addition to the
Establishment now assigned to them.

This

This increase is comprised in Statements No 2 and 3 and consists of a Head Gomashtah, a Record Keeper, or Canarese Moonshee, a Mussalchee, and an addition of five Rupees to the Sadir: ward; to which are added, a Persian Moonshee for the Astagram Court, in consequence of the large Mahomedan population of Mysore and the number of Persian Petitions, deeds, and other Vouchers which are constantly brought into Court.

16 The next subject, is, that of the Police and Judicature of the town of Mysore. It is the desire of the Honble Court of Town Mysore Direc

for the prevention of Crimes, and the apprehension of prisoners, should be kept distinct from the powers of Judicature, strictly so called, and that both should be taken out of the hands of the Amildars

17. The great inexpediency of the general adoption of this principle throughout the Country, was commented on in the Report from this Office of the 9th Ultimo; but a large town like Mysore, presents a field of operation too wide, for the concentration of these powers in any one Officer,

and

and possesses features of a distinctive ch
racter, from the Cutcha of any ordinary
Talook.

Amildar 18th The Talook of Mysore, is, exclusive
of the town very large; and furnishes,
when added to his Revenue duties, Police
and Judicial occupations beyond the wall
of the City, quite ample for the time
and faculties of the Amildars when it
will be most desirable to relieve from
duties, which have indeed chiefly devolved
upon him, since the assumption of the
Districts.

the whole of the Police and Judicial Author
of the town; and the remainder was
vested rather in the Barr, the Mysore
adawlut and other Hoozoor Cutcheries
than in the Amildar powers of the Sur
Ameen now extend, under the control of
the Sur Cauzy, to all those duties defined
by the Honble Court, as essentially Police

22d If the Cawzy were designated as "Town Moonsiff" as contemplated in Section XXV of the Rules for the Courts of Justice he would at once be placed in the situation required. He might retain a controlling power over the Sur Ameen in the Police, without interfering in its ex continue details. Original suits from

To render the present Establish=ments of the Sur Lawzy and Sur Ameen adequate to these objects, some addition both will be required. It is now proposed to increase the Pay of the Sur Ameen to Rupees 60 per Mensem, and to add Strength to the pay of the other Servants, as may place them beyond actual distress, which will still leave the total Expence of the Esta=blishment at about the same rate as it was found at the assumption of the Country,

proposed will be found in Statem
No 5.

27. The whole additional Expe
for the superintendents, the Moonsiffs

exculpation, that the aggregate Expe
even on the proposed scale of the Sup
intendent, the two Principal Sudder

Sur Ameen's Courts, will still fall co
siderably short of that incurred by
the Madras Government, for the Cu
of the late Small Pellah of Seringap

I.

I shall not at this time again
ert to the General question of the re in-
tution of Judicial fees; but it may not
foreign to the financial considerations
ich the present state of Mysore renders
important, to submit for the information
the Commissioner an Estimate of the
alue of the property sued for during the
ast two years, in the Superintendents Court
nd that of the Principal Sudder Moon-
iffs of Astagram and of the amount of
fees, which would have been leviable
upon them

Moonsiffs	720726	3	8	32,423	9	8
Total ..	1663552	1	9	49,355	6	8

This Estimate on the supposition that litiga-
con has not received a false and de-
rimental impetus from the abolition of
fees, would make the amount which the
Government has lost by such abolition
much more than equal to all the
Judicial Charges in the Division
during the same period

30. I do not for financial reasons
Suggest

Suggest any addition under the head
Police peons to the Jaun Establishment,
anticipated in the 15 para of my le
of the 2nd August last; because, such a
measure, if hereafter necessary, may
be effected by a general revision of the
distribution of the Candachar peons
the Division.

31st. The guards of the Bar over Da
of the petty Choultries in the Jaun, and
those over the Sur Ameens and Police
Choultries should on no account be wi

Mohorum festivals, when larger parties
of these troops are required to be place
on duty, for the prevention of disturbance
and Jaun assured by those best acquai
with Mysore, that three or four times
same number of Armed peons, would
not be equally efficient in preserving
peace, or restraining the indication of
turbulence, sometime manifested.

The gradual increase of the a

portion in the last months of 1836,
t been quite so great as in 1835, the
umber of Offences has been fewer than
that year. Of the murder in 1834, five w
erpetrated previous to the arrival of th
uperintendent in the Division, and t
Offences of Burglary and Robbery ha
also considerably decreased. Petty the
which were punished by flogging, c
scarcely be expected to diminish, un
the present interdiction of that sort
punishment.

34 The Advantages which may be anticipated from the proposed arrangements should they meet with the approval of the Commissioner, are the following:

1st — A greater efficiency to the department of Police, by the better payment of its agents

2ndly The relief of the Amildar from that portion of his Civil Judicature now exercised within the town of Mysore and the substitution of a wider and more convenient jurisdiction in the

[illegible]

3rdly A greater degree of efficiency in the Superintendents and of the two Moonsiffs Court.

35 No new provisions have been suggested for the Police and Civil Judicature for the towns of Seringapatam and Ganjam; because the Revenue duties of the Amildar are so confined that he is in fact
